Successful applicants will be expected to report on progress and final outcomes of the project.

The level of reporting will depend on the amount of funding approved. If your application is successful, the reporting requirements will be included in the funding agreement.

As a guide, projects greater than \$3,000 will report at significant milestones and at the end of the project. For projects less than \$3,000, a final report may be all that is required.

Please suggest any measurable outcomes and Key Performance Indicators which could be supplied to NPDC for reporting purposes:
