

## Trade waste

The compliance monitoring fee component is based on the number of sampling events specified in a discharger's trade waste consent multiplied by the charge specified.

Activity	Charge
<b>Trade waste licence fees</b>	
<b>AL1 for controlled consents:</b>	
Administration fee (allows for two hours' officer time)	\$293.60
Inspection fee (allows for one hour officer time)	\$209.80
Total base fee* (administration and inspection)	\$504.50
Sampling fee	\$349.00 per event
<b>AL2 for conditional consents:</b>	
Administration fee (allows for three hours' officer time)	\$439.90
Inspection fee (allows for 1.5 hours' officer time)	\$283.00
Total base fee* (administration and inspection)	\$721.80
Sampling fee	\$349.00 per event
<b>Trade waste consent application fees</b>	
<b>CA1 for short term consents:</b>	
Administration fee (allows for one hour officer time)	\$220.50
Inspection fee (allows for one hour officer time)	\$209.80
Total base fee* (administration and inspection)	\$430.30
<b>CA2 for controlled consents:</b>	
Administration fee (allows for three hours' officer time)	\$439.90
Inspection fee (allows for three hours' officer time)	\$577.60
Total base fee* (administration and inspection)	\$1,017.50
Renewal fee (allows for one hour officer time)	\$220.50
<b>CA3 for conditional consents:</b>	
Administration fee (allows for five hours' officer time)	\$733.50
Inspection fee (allows for five hours' officer time)	\$870.20
Total base fee* (administration and inspection)	\$1,603.70
Renewal fee (allows for three hours' officer time)	\$439.90

\*Base fee: the base fee is non-refundable except in accordance with the refund criteria. It is set at a level to cover a straight-forward application with no external inputs or other case-specific costs. This fee will cover the receipt and issue of the application and initial inspection, and includes the number of hours of technical input specified. In some cases the base fee will be exceeded. Matters that could cause the base fee to be exceeded include external or specialist inputs, amendments or additional information or application complexity. Any additional costs over and above the base fee will be invoiced to the applicant.

GST is included unless otherwise stated

## Trade waste - continued

### Non-compliance reinspection fees

Administration fee (allows for three hours' officer time)	\$440.00
Inspection fee (allows for 1.5 hours' officer time)	\$283.00
Total base fee* (administration and inspection)	\$723.00
Sampling fee	\$349.00 per event

### Late fees

Trade waste fees and charges that are not paid within the time specified in the NPDC Trade Waste Bylaw 2025 will be subject to a penalty rate fixed at one per cent of the amount invoiced for each month or part-month beyond the due date.

Trade Waste Officer charge out rate	\$147.00 per hour
-------------------------------------	-------------------

### Trade waste charges

Volume	\$2.05 per m <sup>3</sup>
Suspended solids (SS)	\$2.13 per kg
Biochemical Oxygen Demand (BOD)	\$4.04 per kg
Copper	\$476.73 per kg
Nickel	\$777.73 per kg
Zinc	\$159.13 per kg

### Tankered waste charge (New Plymouth Wastewater Treatment Plant)

Tankered waste only accepted with a current trade waste consent that specifies NP Wastewater Treatment Plant as a point of discharge. Waste must comply with contaminant limits specified in the trade waste consent.

In addition to the base fees the discharger will be charged for the cost of treating their effluent (BOD, SS, volume and toxic pollutants) as per the scale of trade waste charges, and the cost of any laboratory expenses incurred in characterising the waste. If tankered waste is discharged at the wastewater treatment plant, an administration and handling charge is also charged.

Administration fee	\$50.00
Volume charge (based upon volume discharged at the NP Wastewater Treatment Plant)	\$131.58 per m <sup>3</sup>
Sampling fee	\$345.00 per load
