Good afternoon Julie,

I live at 8 Wairau Road, in Oakura and put a submission forward at the above commissioners hearing. It was my understanding that evidence supplied and viewed would be decided upon by the commissioners - I feel very disappointed that it would appear that Mr McKie is now able to represent more information gathered from this hearing prices - albeit he had the same amount of time to formulate information, in fact longer as he must have been preparing long before it was put to council.

I wish to state my disapproval at this situation.

Regards
