

Quarterly Site Progress Update: Urenui and Onaero Wastewater Scheme

Date:	2026 First Quarter
To:	
CC:	Clifton Community Board; Councillors
<p>This is a progress update on activities associated with work at the proposed site of the Urenui and Onaero Wastewater Scheme, 944 Main North Road.</p>	
Activity	Status
Treatment of wastewater	<p>No change: A draft treatment plant concept design is being progressed. This work has been informed by feedback from early consultation with neighbours, including one on one meetings, the joint neighbours' meeting and the community open days.</p>
Discharge of treated wastewater	<p>No change: A draft irrigation concept design is being progressed, which includes irrigating treated water to land for pasture cut and carry. This work has been informed by feedback from early consultation with neighbours, including one on one meetings, the joint neighbours' meeting and the community open days.</p> <p>The recommendations and concept plans will be considered and worked through with stakeholders in due course.</p>
Consenting under the Resource Management Act – for the treatment and discharge of wastewater	<p>Update: The consenting requirements are being revisited following the resource management reform.</p> <p>The resource consent applications will not be submitted until further input is received from stakeholders.</p>
Community consultation	<p>Update: Community consultation will take place once the concept plan details are available.</p>
