

Section 85 of the Local Government (Rating) Act 2002

Objectives of the policy

To recognise that some properties within the service area may be approved by the Council (in accordance with the relevant bylaw) to not receive some or all of the Council provided refuse collection and disposal service.

Conditions and criteria

1. Some or all of the fixed targeted rate for refuse collection and disposal will be remitted where the Council has approved the property to not receive some or all of the Council provided refuse collection and disposal service under the relevant Council bylaw relating to solid waste (being the Solid Waste Management and Minimisation Bylaw 2019 at the time of adoption).

2. The amount of the fixed targeted rate that is remitted will be determined in accordance with the cost of providing the service or services not received. Where a property is approved to not receive any service then that property shall have 100 per cent of the targeted rate remitted.
3. Any remission of charges under this policy will apply from the following quarter that the service is ceased, and the remission of charges will also cease the following quarter if the service resumes.
