**FOR THE
2025-2028 ELECTORAL TERM¹**

POLICY PURPOSE

This policy sets out rules on the claiming of expenses by elected members and the resources that will be available to them during their term of office.

DOCUMENTATION OF POLICIES

In addition to this document, the following documents set out the policies, rules and procedures relating to the expenses and allowances payable to elected members:

- Council Policy Register

POLICY STATEMENTS

AUTHENTICATION OF EXPENSE REIMBURSEMENTS AND ALLOWANCES

From time to time elected members incur expenses on the Council’s behalf, which need to be reimbursed. This reimbursement and the use of Council supplied resources apply only to elected members personally, and only while they are acting in their official capacity as elected members.

All expense reimbursements are for actual and reasonable expenses incurred by members undertaking Council business. All expenses incurred by elected members, which require reimbursement to be requested, are to be prudent, conservative and in line with the Auditor-General’s guidance on sensitive expenditure.

The process for reimbursement of claims is based on the following principles:

- Any expenses to be reimbursed must be on an actual and reasonable basis and in line with Council policy.
- Cost reimbursements will be made via the payroll system.

¹ This policy will apply from the date that elected members come into office after the 11 October 2025 local body elections.

In the case of one-off expenditure such as travel to conferences, the process and prior approvals required are detailed in this policy or another policy.

In the case of vehicle mileage, travel time and communications, all limits set in this document do not exceed the Remuneration Authority's Determination. This includes the provision of pro-rata allowances where an elected member serves a part year.

The Council's internal audit work programme includes sampling expense claims and allowances paid to elected members and staff. The Council publicly reports on the sensitive expenditure of elected members and the Chief Executive.

No allowances are paid without deduction of withholding tax.

All expenditure that falls under this policy is approved on the condition that it can be met within relevant budget provisions.

All claims must be lodged no later than one month after the close of the financial year in which the expense was incurred.

APPROVALS

The Chairperson of the Finance, Audit and Risk Committee approves all Mayoral expenses prior to reimbursement. In the Chair's absence the Deputy Chair of the Finance, Audit and Risk Committee can approve Mayoral expenses.

The Mayor must approve all other elected member expenses prior to reimbursement. In the Mayor's absence the Deputy Mayor may approve elected member expenses with exception of their own expenses which will be approved by the Chairperson of the Finance, Audit and Risk Committee .

All approvals are to be checked by the Manager Governance prior to being submitted for payment. In the Manager Governance's absence, the General Manager Te Tiriti Partnerships will check the approvals.

DEFINITIONS

"Actual" means as evidenced by receipts attached to the claim form.

"Reasonable" means that it is within the amount specified by this policy or as deemed reasonable by the Mayor and/or Chairperson of the Finance, Audit and Risk Committee.

"Council business" includes formal Council and Community Board meetings, committee meetings, workshops, seminars, statutory hearings, training courses, site visits, meetings with staff, meetings with community groups and meetings with members of the public. Council business does not include events where the primary focus is on social activity.

“Remuneration Authority” is an independent body established by the Remuneration Authority Act 1977, with responsibilities under the Local Government Act 2002 to determine remuneration and expense/allowance rules for local authority members.

“Sensitive Expenditure” is spending by an organisation that could be seen as giving some private benefit that is in addition to the business benefit to the entity of the spending.
