

APPENDIX 19

RAILWAY LEVEL CROSSINGS - SIGHTLINES

- 19.1 Railway level crossing sightline distances at controlled crossing with 50km/h maximum railway line speed (refer to diagram 19.5 to identify this area)
- 19.2 Railway level crossing sightline distances at controlled crossing with 70km/h maximum railway line speed
- 19.3 Railway level crossing sightline distances at uncontrolled crossing with 50km/h maximum railway line speed (refer to diagram 19.5 to identify this area) speed
- 19.4 Railway level crossing sightline distances at uncontrolled crossing with 70km/h maximum railway line speed
- 19.5 Location of railway track where maximum line speed is 50km/h

Diagram 19.1 Railway level crossing sightline distances at controlled crossing with 50km/h maximum railway line speed (refer to diagram 19.5 to identify this area)

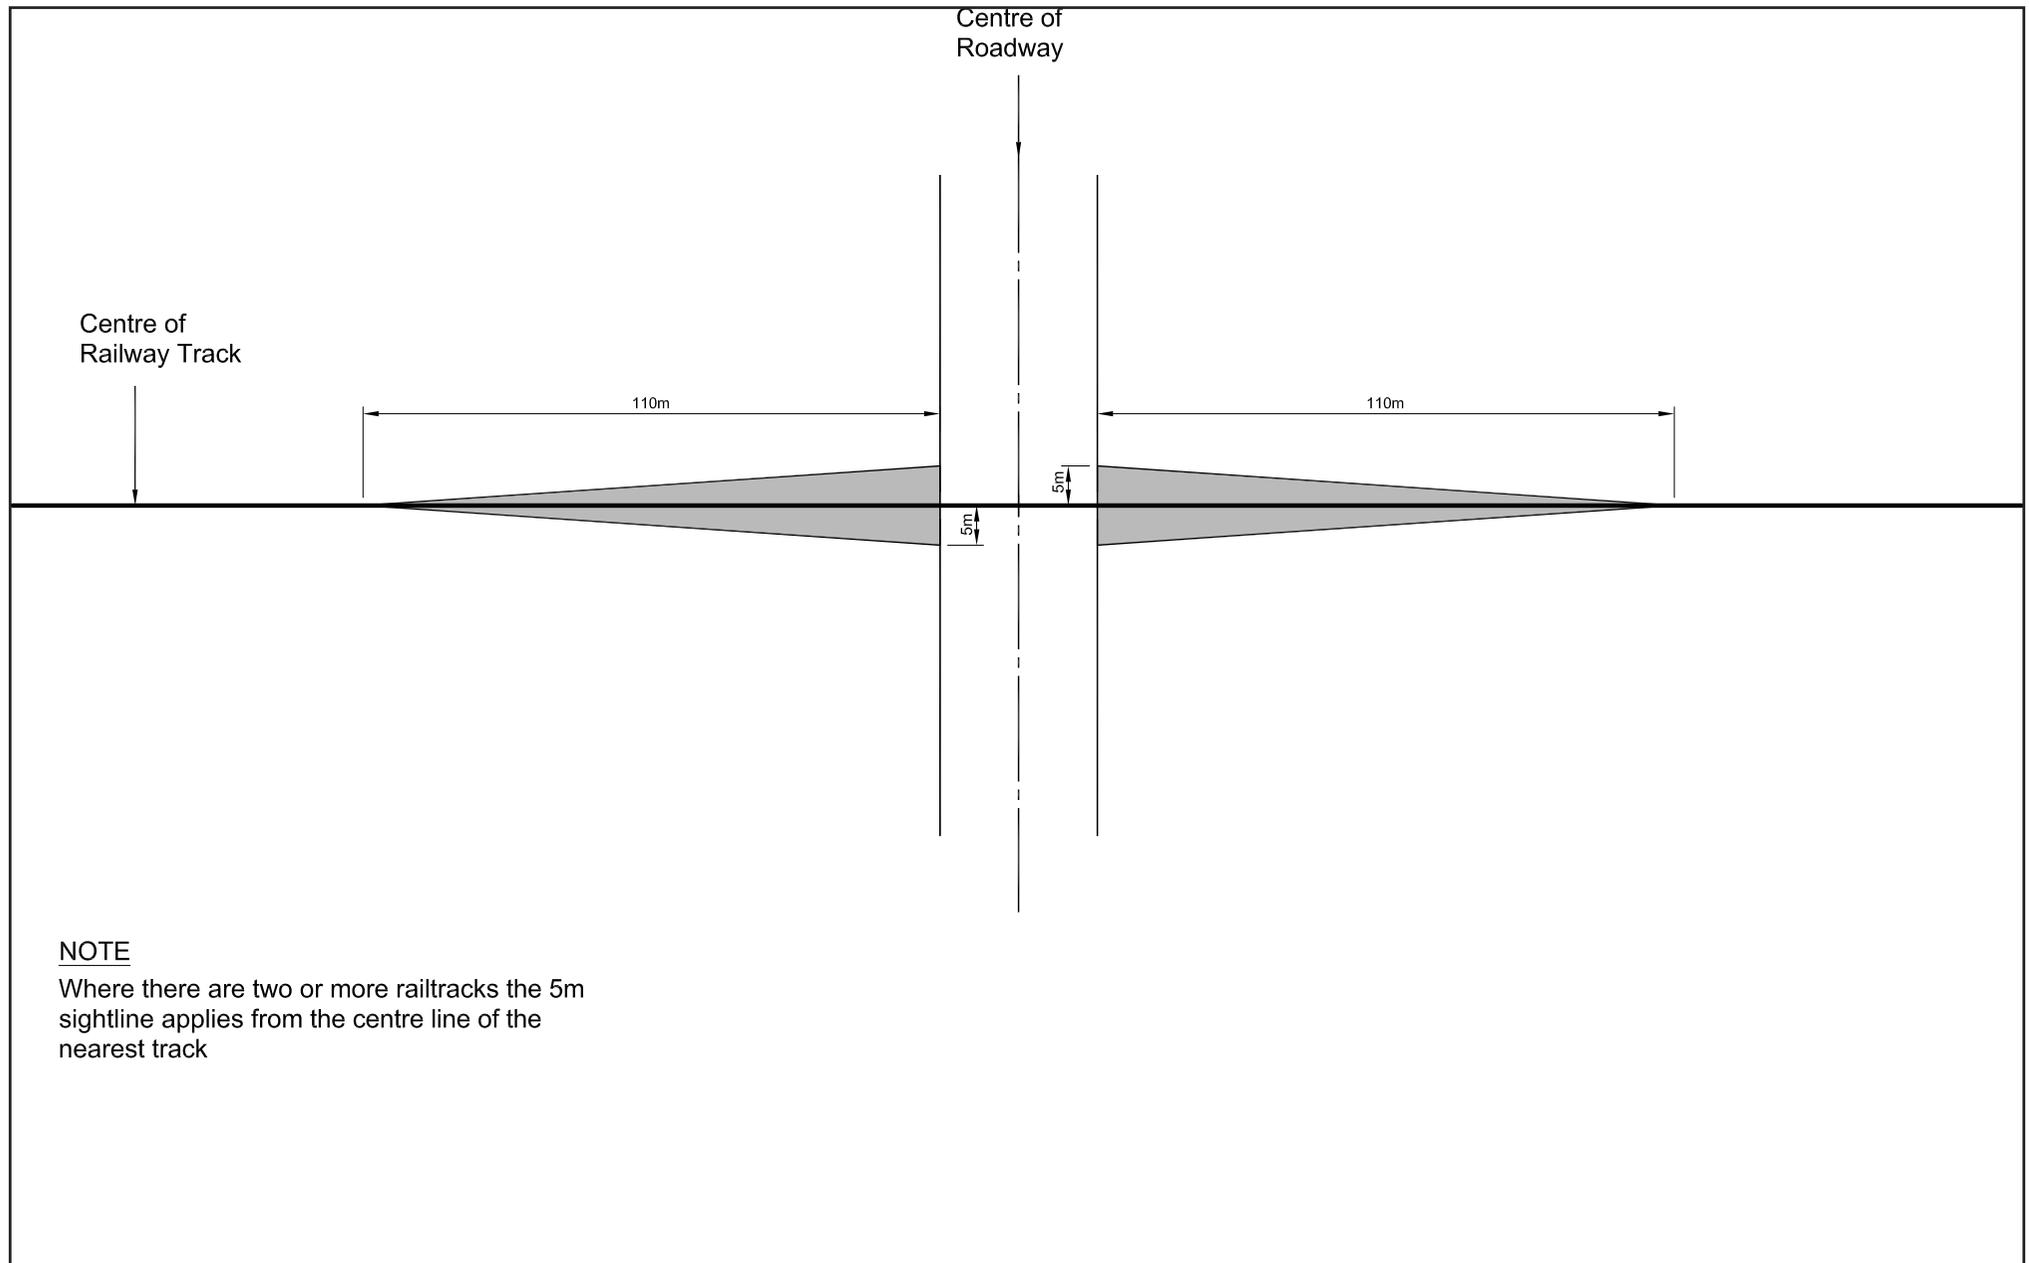

Diagram 19.2 Railway level crossing sightline distances at controlled crossing with 70km/h maximum railway line speed

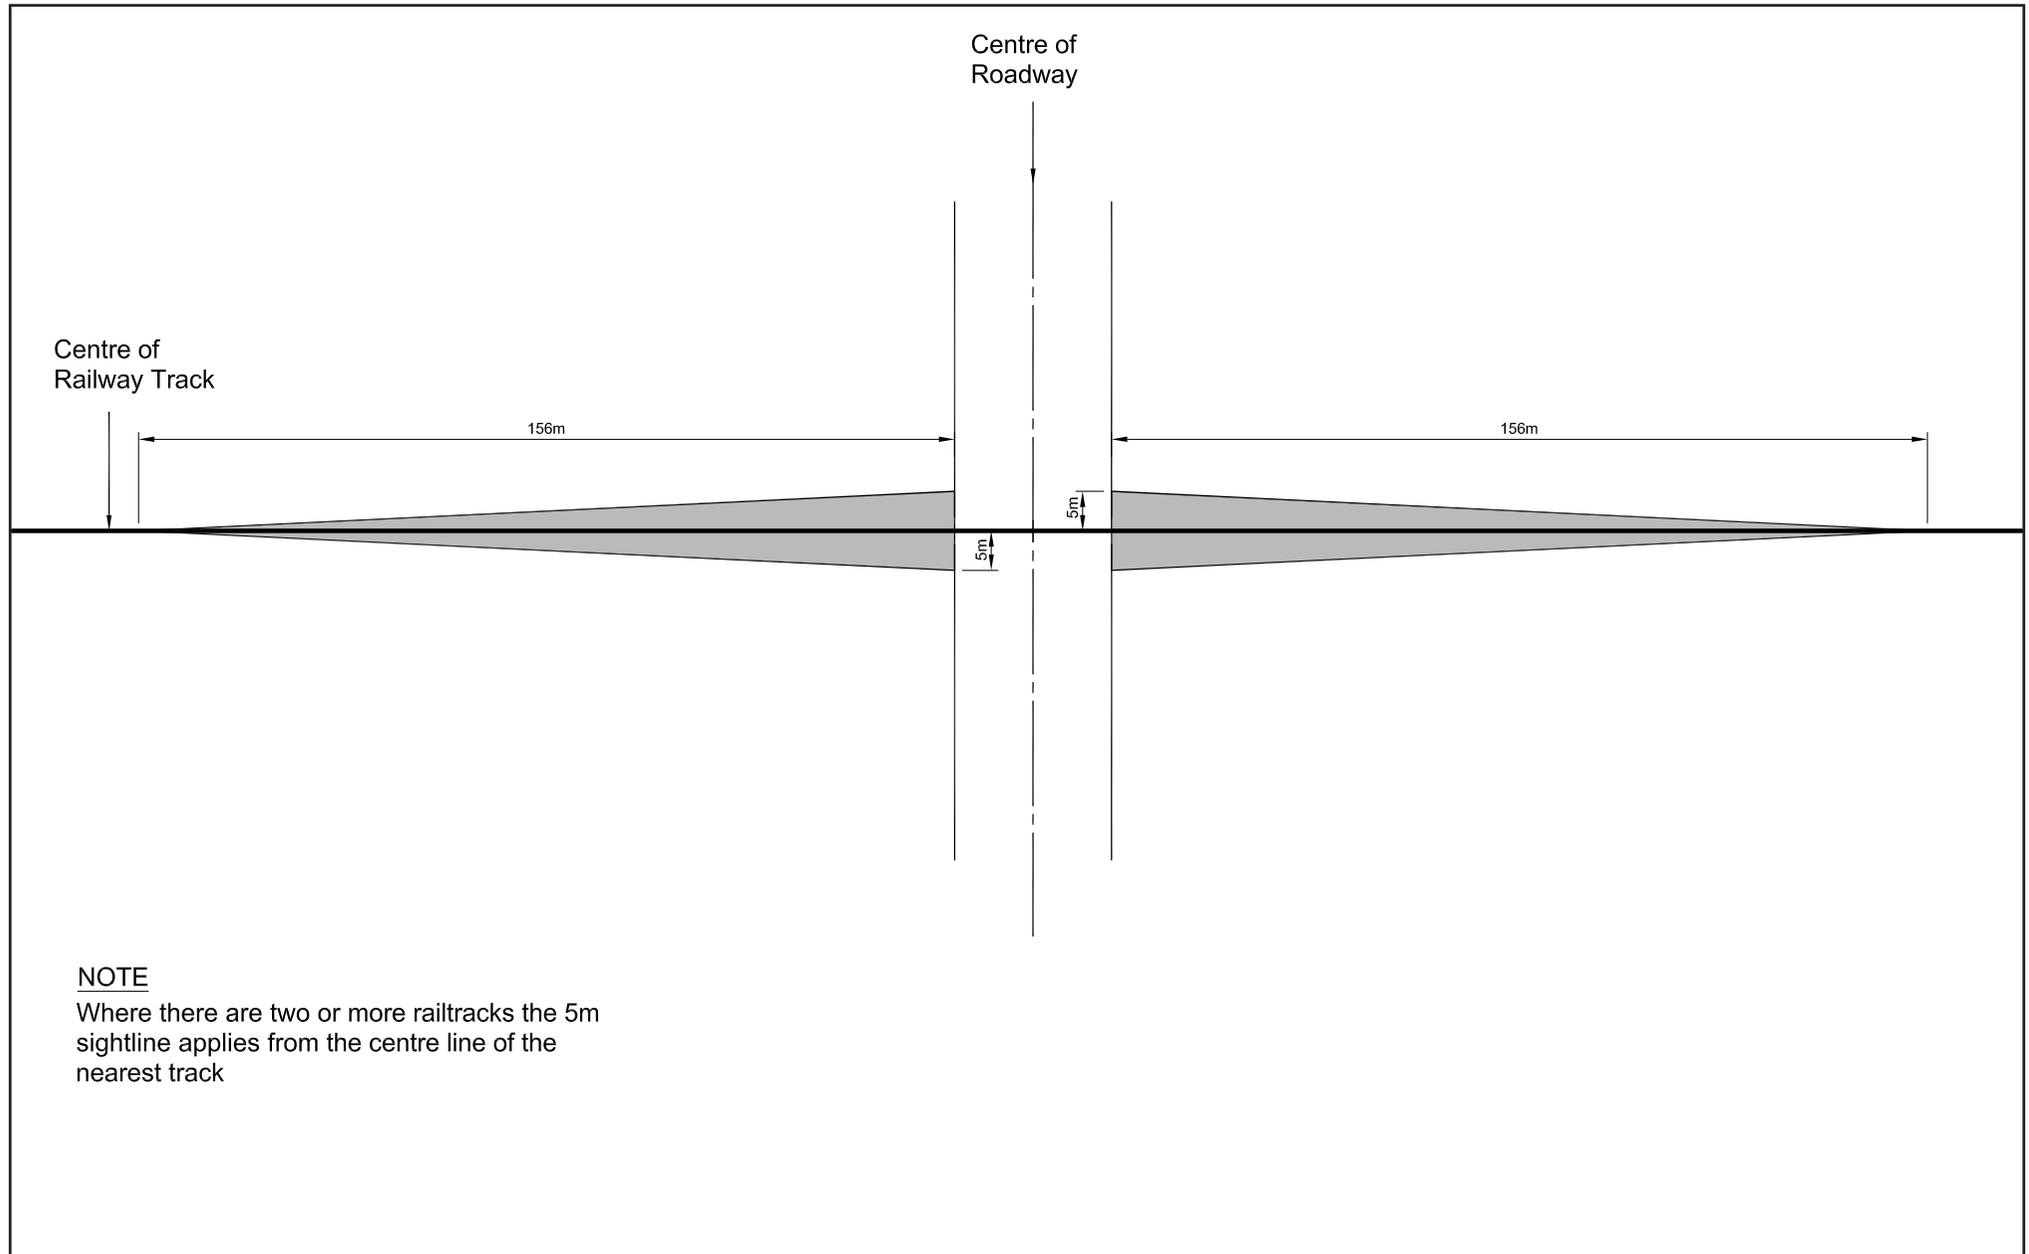

Diagram 19.3 Railway level crossing sightline distances at uncontrolled crossing with 50km/h maximum railway line speed (refer to diagram 19.5 to identify this area)

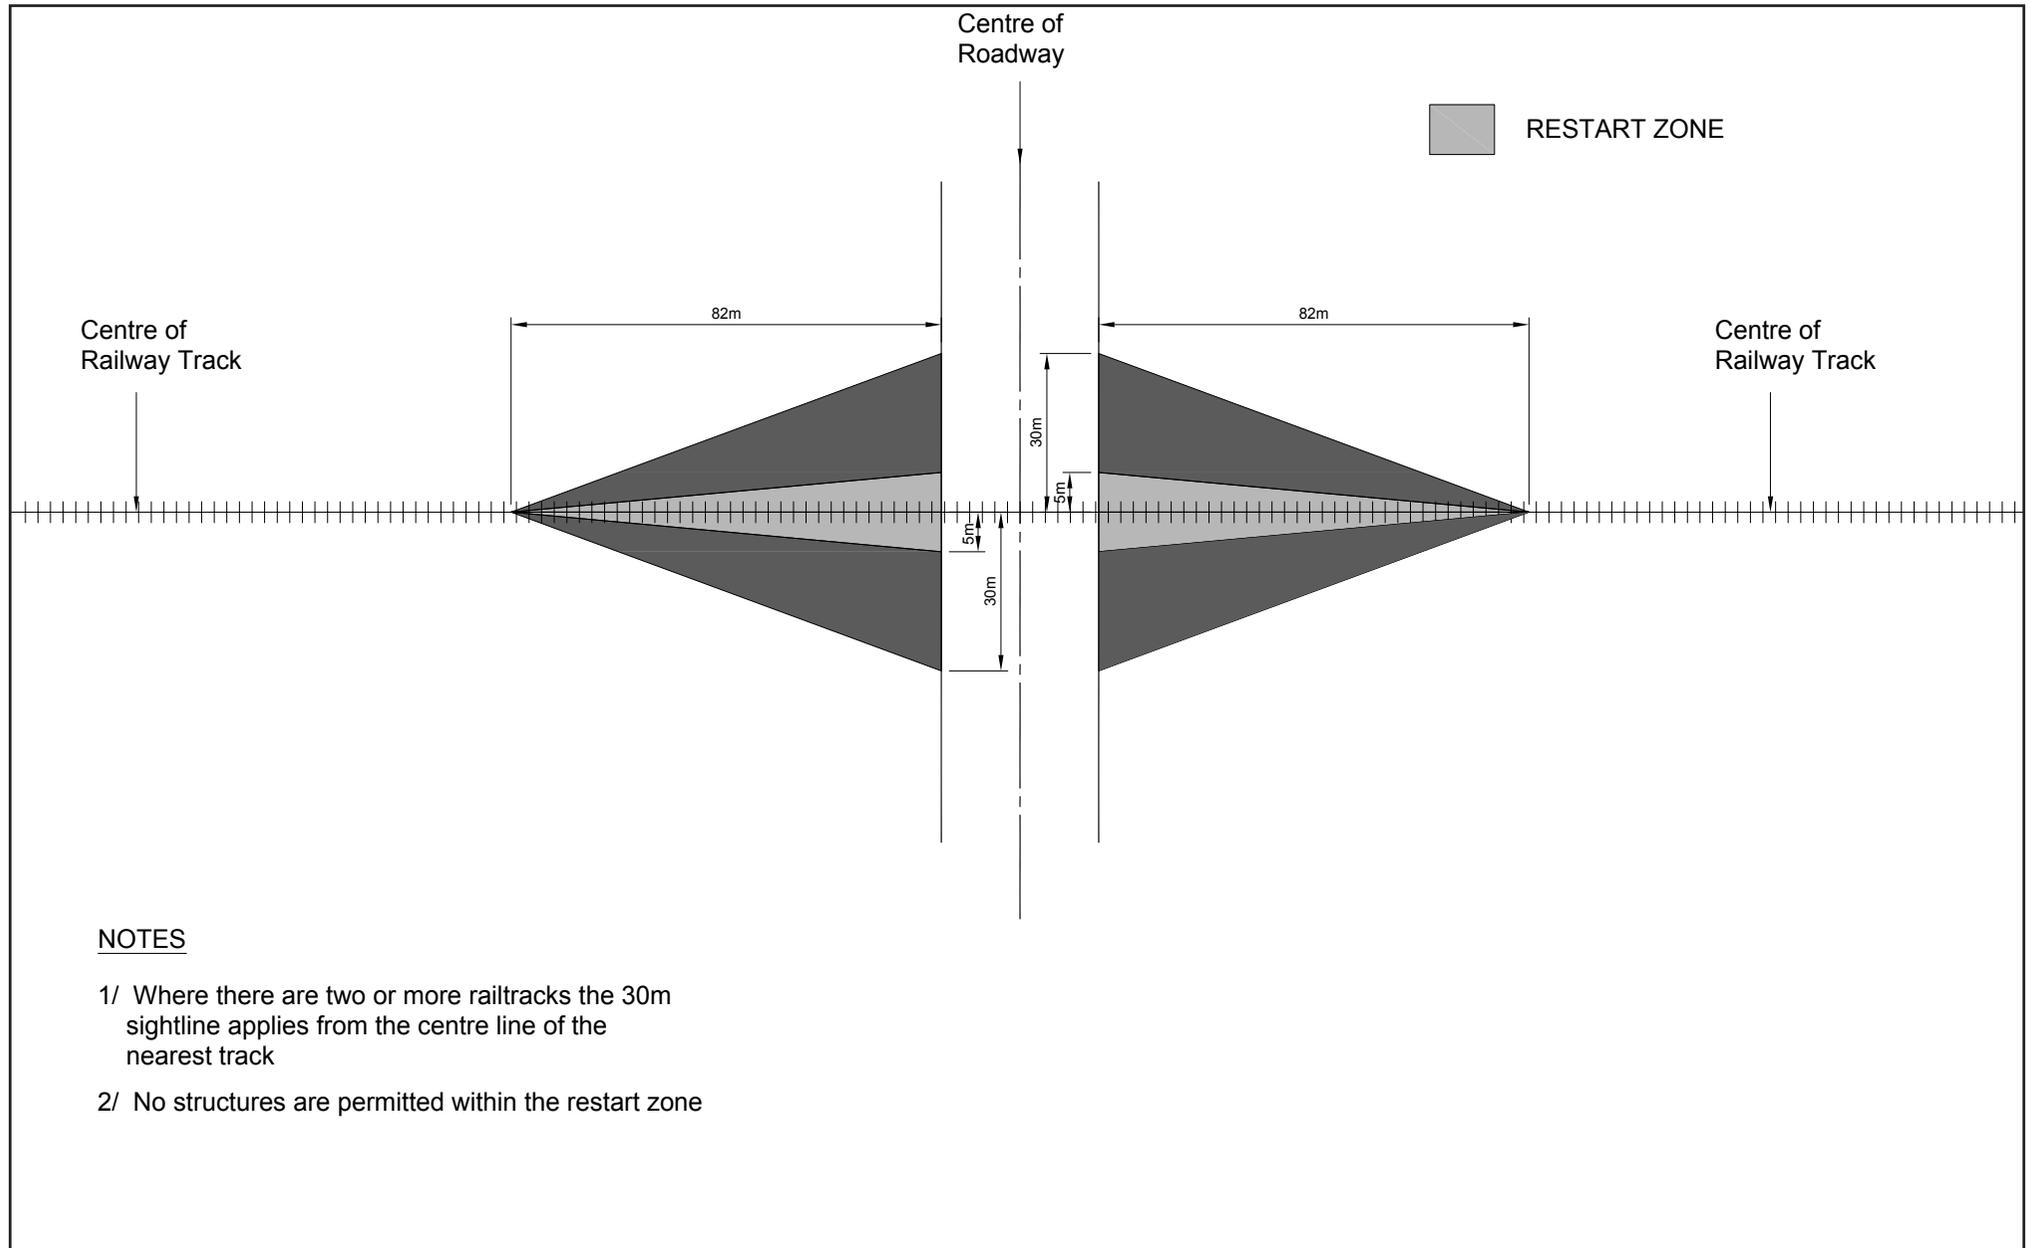

Diagram 19.4 Railway level crossing sightline distances at uncontrolled crossing with 70km/h maximum railway line speed

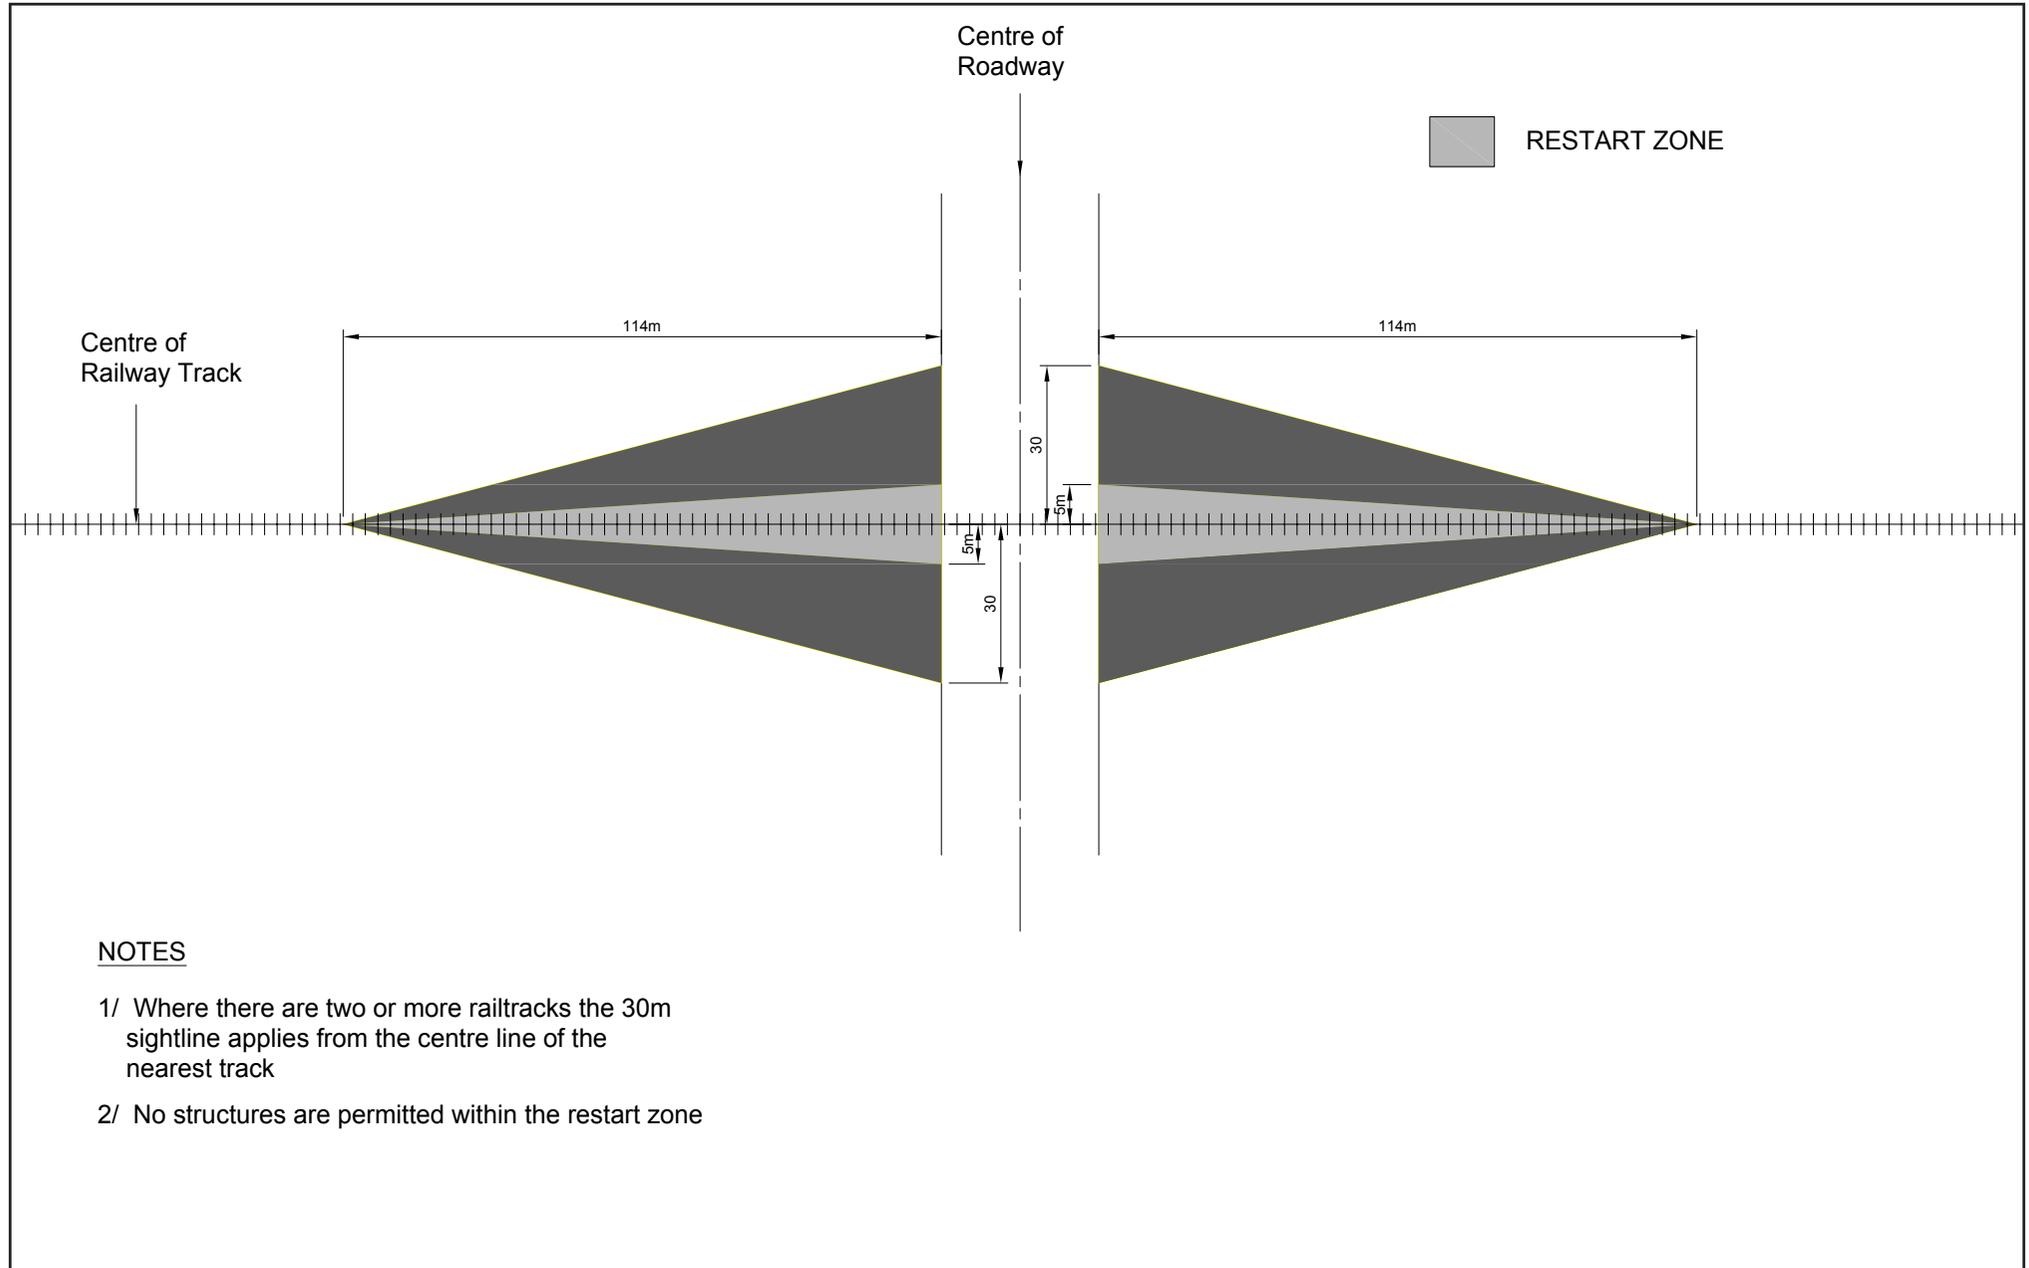

Diagram 19.5 Location of railway track where maximum line speed is 50km/h
