

# Schedule of **FEES AND CHARGES** 2025/26

New Plymouth District Council (NPDC) charges for services where a distinct benefit to groups or individuals can be identified, e.g. the benefit to an individual for a resource consent for a subdivision, or the benefit to a sports club for exclusive use of a sports ground. In some cases, NPDC charges only a portion of the costs, because we recognise the benefit to the community.

## About the fees and charges

The Revenue and Financing Policy sets out the basis for determining fees and charges. It emphasises that the fee or charge should reflect the market rate, but take into account NPDC's other policies and community outcomes.

This section covers NPDC's review of fees and charges and shows charges from 1 July 2025 to 30 June 2026, with the exceptions of:

- Dog fees (shown from 1 July 2025 to 30 June 2027).
- Annual solid waste licence fee and fees for NPDC Transfer Stations at Tongapōrutu, Waitara, Inglewood and Ōkato (shown from 1 July 2025 to 30 June 2028).

In some cases charges are set by statute and cannot be changed and may be listed in this document for completeness. Other fees and charges are delegated to officers and have been included for information.

NPDC charges for services where a distinct benefit to groups or individuals can be identified, e.g. the benefit to an individual for a resource consent for a subdivision, or the benefit to a sports club for exclusive use of a sports ground. In some cases, NPDC charges only a portion of the costs, because there is also a community benefit component. This ensures that charges are fair and reasonable, and that ratepayers do not subsidise those services that have a distinct private benefit. Where practical, NPDC endeavours to recover some of the cost of responding to negative actions caused by identified groups or individuals such as excessively loud music or dangerous dogs.

The charges for NPDC owned subsidised housing are not included in the schedule of fees and charges. The charges for these properties are set according to location and type of housing.

Fees and charges will generally be increased by the rate of inflation on an annual basis.

The fees and charges include GST unless otherwise stated.

## Customer Services

NPDC regards the Civic Centre as a facility primarily for Council related business. Functions of a private nature, such as weddings, birthdays, etc will not normally be permitted. The facilities are only available for hire as meeting rooms or for a special function and are not available for hire on a recurring basis. A hireage agreement applies for all applications. Hirers should be aware that hire involves making security arrangements. A Council officer must be present at all times.

# Regulatory Services

## Building Consents and Associated Processes

### Fee types

There are two fee types:

1. Fixed fee. This fee covers projects where the costs are easily identified before application, or where an average rate is appropriate. The amount is fixed. No additional costs will be charged by NPDC in regard to the fee quoted.
2. Base fee. The base fee is based on the anticipated costs for the project and is non-refundable.

Application for amendment generates an individual fee which covers all non-technical aspects of the amendment process including electronic lodgement, administration time, completeness check, document acceptance and client liaison (time spent on the application by a technical officer will be also charged as detailed in the 'Costs for additional staff time' section of the fees and charges).

Application for Code Compliance Certificate generates an individual fee which covers electronic lodgement, administration time, completeness check, document acceptance, technical check of application, client liaison and certificate issue.

In some cases actual costs of a project may exceed the estimated minimum fee, due to external or specialist inputs, additional information submitted, application complexity, inspection complexity or additional inspections undertaken.

At the end of a project, if the actual costs have significantly exceeded the minimum fee, an invoice for the additional costs will be sent and are required to be paid prior to issue of a code compliance certificate.

### ***Environment Protection Agency (EPA) Fast Track consents***

EPA Fast Track legislation enables councils to recover costs for their input. All NPDC officer time spent on applications will be charged on the hourly rates stipulated in the Schedule of Fees and Charges based on roles.

### **Cancellations**

When an application is withdrawn before the consent is issued and fees are outstanding, an invoice for the work completed to date will be sent to the fee payer.

If an application is withdrawn after the consent is issued, a refund will be sent to the payer for monies not used by the activities to date.

### **Payment of fees\***

You will be invoiced on submission for all fees and levies applicable to your consent based on the estimated value of your building work. Once full payment has been received, we will accept your application for processing.

Extra inspections or re-inspections will be invoiced at the end of the project, including any additional processing or amendment fees outstanding. All charges are required to be paid prior to the issue of the Code Compliance Certificate.

A reduced application fee may be set by the Manager Building (Building Lead) where unusual circumstances or the characteristics of the application would make it inappropriate to charge the normal fixed fee or base fee.

Where an application belongs within a higher fee category, additional fees will be required to be paid before the continuation of processing. This will apply when the work is undervalued. The estimated value of the finished work will be used.

Where an application falls within more than one fee category, the higher category will apply.

Non-payment of fees or the invoiced additional processing costs will result in processing or inspections being suspended unless alternative payment arrangements have been formally agreed.

A typical calculation of the fee you are to pay can be done using this formula:

- Value of work under \$20,000 - base fee for category + Accreditation Levy.
- Value of work \$20,00 and over - base fee for category + BRANZ Levy + Accreditation Levy.
- Value of work \$65,000 and over – base fee for category + MBIE Building Levy + BRANZ Levy + Accreditation Levy.

\* Fees adjusted following new building levy guidance, effective 1 July 2024.

**TABLE 1: Building consent process (building consent and project information memorandum inclusive)**

**Note:** Unless otherwise specified, for uses that fall into more than one category, the higher cost category applies.

#### Development Contributions

(refer to the [Development and Financial Contributions Policy](#) and [Development Contributions](#) page on NPDC's website)

A development contribution is a levy collected under the Local Government Act, 2002 (LGA 2002) to ensure any development that creates additional demand on council infrastructure contributes to the additional costs created.

Who is required to make development contributions:

- Those undertaking certain activities may be required to make a development contribution if the effects of a development (including cumulative effects) require the Council to incur capital expenditure to provide new or additional assets, or to increase the capacity of existing assets.
- Those undertaking certain activities may also be required to make development contributions for capital expenditure the Council has already incurred in anticipation of future development.

## Land Use Consents and Associated Processes

### Charge out rates

There are four charge out rates:

1. Planning administrative support, including application database input and distribution, record keeping and notified application processing support.
2. Technical consent processing services, includes technical expert advice on consent applications. This rate includes all planners, engineers, monitoring and investigating officers and technical officers.
3. Manager Consents and Regulatory, Manager Strategic Planning, Planning and Development Lead, District Planning and Growth Lead, Supervisors (District Planning, Growth and Services, Planning, Development Engineering and Monitoring) and Principal Planner. This group provides management support to the consent process and associated processes.
4. An administration charge for front of house and business support services. The hourly charge out rates include the use of vehicles, phone calls, internet charges, use of equipment, stationery, incidental business support and incidental photocopying.

### Other charges

1. External inputs. These are NPDC technical inputs external to the Consents Team staff and contractors. These include, for example infrastructure engineers and landscape architects.
2. Specialist inputs. These are inputs of skills and expertise external to NPDC needed to address application issues such as legal, archaeological, cultural, hazard assessment, engineering, arboreal, landscape assessment, specialised resource management advice and the use of hearings commissioners. Contractors fulfilling the roles normally handled by the Consents Team are not specialist inputs. Cultural advice may be charged when advice is provided by hapū.

### Fee types

There are three fee types:

1. Fixed fee. This fee covers all costs for a process, product or aspect of an application. The amount is fixed – no additional costs will be charged by NPDC in regard to the application up to the stage the document or consent is issued. All fixed charges are payable in full in advance. The Council will not commence processing the application to which the charge relates until it has been paid.
2. Set base fee. This is an all-inclusive fee covering the administration and technical processing work by the Consents Team which covers receiving, processing and issuing the document or consent. Additional charges will apply for external and specialist inputs if required.
3. Base fee. The base fee is non-refundable except in accordance with the refund criteria. This fee is a deposit only and does not always cover all of the costs of processing an application. Where processing costs exceed the specified deposit the additional costs will be invoiced separately.

This fee will cover the receipt and issue of the application and initial monitoring together with up to a specified number of hours of the Consents Team's technical inputs that typically remain after these costs are deducted.

The base fee is a deposit and in most circumstances it is likely to be exceeded. This will include processing time and where there are external (to the Consent Teams) or specialist inputs, pre-hearing or other meetings, significant mail outs or photocopying, amendments or additional information requests. Invoices will be generated where fees paid are exceeded.

### ***Environment Protection Agency (EPA) Fast Track consents***

EPA Fast Track legislation enables councils to recover costs for their input. All NPDC officer time spent on applications will be charged on the hourly rates stipulated in the Schedule of Fees and Charges based on roles.

### Payment of fees

- Application fees are to be paid at the time of lodgement unless alternative payment arrangements have been formally approved.
- Additional fees will be required to be paid before the continuation of processing where an application belongs within a higher fee category.
- Where an application falls within more than one fee category, the higher fee category will apply.
- Processing costs exceeding the fee paid will be invoiced. Invoicing may be periodic or at the completion of processing.
- The required base fee must be paid before any processing of the application will commence except where alternative payment arrangements have been formally agreed to.

## Refunds

Where applications are withdrawn a refund will be considered. Refunds will exclude all charges incurred up to the date of withdrawal of application.

## Subdivision Consents and Associated Processes

### Charge out rates

There are four Consents Team (Consenting and Development control charge out rates:

1. Planning administrative support, including application database input and distribution, record keeping and notified application processing support.
2. Technical consent processing services, includes technical expert advice on consent applications. This rate includes all planners, development engineers, monitoring and investigating officers and technical officers.
3. Manager Consents and Regulatory, Planning and Development Lead, Supervisors (Planning, Development Engineering and Monitoring) and Principal Planner. This group provides management support to the consent process.
4. An administration charge for front of house and business support services. The hourly charge out rates include the use of vehicles, phone calls, internet charges, use of equipment, stationery, incidental business support and incidental photocopying.

### Other charges

1. External inputs. These are NPDC technical inputs external to the Consents Team staff and contractors. These include, for example infrastructure engineers and landscape architects.
2. Specialist inputs. These are inputs of skills and expertise external to NPDC needed to address application issues such as legal, archaeological, cultural, hazard assessment, engineering, arboreal, landscape assessment, specialised resource management advice and the use of hearings commissioners. Contractors fulfilling the roles normally handled by the Consents Team are not specialist inputs. Cultural advice may be charged when advice is provided by hapū.

### Fee types

There are three fee types:

1. Fixed fee. This fee covers all costs for a process, product or aspect of an application. The amount is fixed – no additional costs will be charged by NPDC in regard to the application up to the stage the document or consent is issued. All fixed charges are payable in full in advance. The Council will not commence processing the application to which the charge relates until it has been paid.
2. Set base fee. This is an all-inclusive fee covering the administration and technical processing work by the Consents Team which covers receiving, processing and issuing the document or consent. Additional charges will apply for external and specialist inputs if required.
3. Base fee. The base fee is non-refundable except in accordance with the refund criteria. This fee is a deposit only and does not always cover all of the costs of processing an application. Where processing costs exceed the specified deposit the additional costs will be invoiced separately.

This fee will cover the receipt and issue of the application and initial monitoring together with up to a specified number of hours of the Consents Team's technical inputs that typically remain after these costs are deducted.

The base fee is a deposit and in most circumstances it is likely to be exceeded. This will include processing time and where there are external (to the Consent Teams) or specialist inputs, pre-hearing or other meetings, significant mail outs or photocopying, amendments or additional information requests. Invoices will be generated where fees paid are exceeded.

### ***Environment Protection Agency (EPA) Fast Track consents***

EPA Fast Track legislation enables councils to recover costs for their input. All NPDC officer time spent on applications will be charged on the hourly rates stipulated in the Schedule of Fees and Charges based on roles.

### Payment of fees

- Application fees are to be paid at the time of lodgement unless alternative payment arrangements have been formally approved.
- Additional fees will be required to be paid before the continuation of processing where an application belongs within a higher fee category.
- Where an application falls within more than one fee category, the higher fee category will apply.
- Processing costs exceeding the fee paid will be invoiced. Invoicing may be periodic or at the completion of processing.
- The required base fee must be paid before any processing of the application will commence except where alternative payment arrangements have been formally agreed to.

## Refunds

Where applications are withdrawn a refund will be considered. Refunds will exclude all charges incurred up to the date of withdrawal of application.

**Development Contributions**

(refer to the [Development and Financial Contributions Policy](#) and [Development Contributions](#) page on NPDC's website)

A development contribution is a levy collected under the Local Government Act, 2002 (LGA 2002) to ensure any development that creates additional demand on council infrastructure contributes to the additional costs created.

Who is required to make development contributions:

- Those undertaking certain activities may be required to make a development contribution if the effects of a development (including cumulative effects) require the Council to incur capital expenditure to provide new or additional assets, or to increase the capacity of existing assets.
- Those undertaking certain activities may also be required to make development contributions for capital expenditure the Council has already incurred in anticipation of future development.

## Enforcement

### Animal Control

	2024/25	2025/26	2026/27
--	---------	---------	---------

#### DOG REGISTRATION

The Dog Control Act 1996 requires all dogs, on reaching the age of three months, to be registered. Newly registered dogs are required to be microchipped unless defined as a working dog. Any dog reaching the age of three months during the registration year (July to June) will only need to pay the proportion of months remaining in that registration year.

#### Residential Area

Any dog kept on a property that has a rating code of one or two.

(Generally, these relate to properties no more than one hectare in area.)

Urban dog – non select owner	\$184.00	\$185.50	\$191.50 per dog
Urban dog – select owner (with entire dog)	\$143.00 per dog	\$144.50 per dog	\$149.00 per dog
Urban dog – select owner (with neutered/spayed dog)	\$93.50 per dog	\$95.00 per dog	\$98.00 per dog
Urban dog – select owner (pensioner*/entire dog)	\$115.50 per dog	\$117.00 per dog	\$121.00 per dog
Urban dog – select owner (pensioner*/neutered/spayed dog)	\$88.00 per dog	\$89.50 per dog	\$92.50 per dog
Owners of dogs classified as Dangerous	Applicable registration fee plus 50% per dog	Applicable registration fee plus 50% per dog	Applicable registration fee plus 50% per dog

\* Pensioner is aged 65 years and over. Evidence of age to be produced for the first application only.

Select dog owner is a person who has demonstrated their obligations as a dog owner by:

- Registering their dog on or before 1 July each year.
- Microchipping their dog.
- Being offence-free (for both owner and dog). An offence is when there has been a substantiated complaint, a dog impoundment, an infringement notice issued or a prosecution for a dog-related offence. After any offences occur, the select owner fee will be reinstated only after two offence-free registration years and the owner has reapplied for the status.
- Having their property inspected to approve fencing, sleeping quarters and exercise space.
- Keeping their address current to allow for an inspection of a new property.

#### Rural Area

Any dog kept on a property that has a rating code of three or four or other approved rural property. These include small holdings between one to four hectares in area and farmland greater than four hectares.

Full fee – payable for first two dogs kept by the same owner	\$67.00 per dog	\$70.50 per dog	\$72.70 per dog
Reduced fee – payable for the third and subsequent dogs kept by the same owner	\$34.00 per dog	\$36.00 per dog	\$37.10 per dog

# Water and Waste

## Trade Waste

The compliance monitoring fee component is based on the number of sampling events specified in a discharger's trade waste consent multiplied by the charge specified.

\*Base fee: The base fee is non-refundable except in accordance with the refund criteria. It is set at a level to cover a straight-forward application with no external inputs or other case specific costs. This fee will cover the receipt and issue of the application and initial inspection, and includes the number of hours of technical input specified. In some cases the base fee will be exceeded. Matters that could cause the base fee to be exceeded include external or specialist inputs, amendments or additional information or application complexity. Any additional costs over and above the base fee will be invoiced to the applicant.

• Renewal fee (includes up to three hours officer time)	\$415.00	\$427.90
Technical charge for officer time above base fee (includes technical officers and monitoring officers)	\$139.00 per hour	\$143.30 per hour
Manager technical charge for officer time	\$184.00 per hour	\$189.70 per hour
<b>Non-compliance reinspection fees</b>		
Administration fee (includes up to three hours officer time)	\$415.00	\$427.90
Inspection fee (includes up to 1.5 hours officer time)	\$267.00	\$275.30
Total base fee* (administration and inspection)	\$681.00	\$702.10
Sampling fee	\$329.00 per event	\$339.20 per event

**Late fees**

Trade waste fees and charges which are not paid within the time specified in the Trade Waste Bylaw (Part 11) will be subject to a penalty rate fixed at one per cent of the amount invoiced for each month or part month beyond the due date.

**Trade waste charges**

Volume	\$1.69 per m <sup>3</sup>	\$1.82 per m <sup>3</sup>
Suspended solids (SS)	\$1.72 per kg	\$1.89 per kg
Biochemical Oxygen Demand (BOD)	\$3.38 per kg	\$3.64 per kg
Copper	\$418.71 per kg	\$432.06 per kg
Nickel	\$697.86 per kg	\$708.80 per kg
Zinc	\$139.57 per kg	\$144.21 per kg

**Tankered waste charge (New Plymouth Wastewater Treatment Plant)**

Tankered waste only accepted with a current trade waste consent that specifies NP Wastewater Treatment Plant as a point of discharge. Waste must comply with contaminant limits specified in the trade waste consent.

In addition to the base fees the discharger will be charged for the cost of treating their effluent (BOD, SS, volume and toxic pollutants) as per the scale of trade waste charges, and the cost of any laboratory expenses incurred in characterising the waste. If tankered waste is discharged at the wastewater treatment plant, an administration and handling charge is also charged.

Administration and handling charge per delivery	\$46.78	\$48.23
Volume charge (based upon volume discharged at the NP Wastewater Treatment Plant)	\$111.49 per m <sup>3</sup>	\$117.37 per m <sup>3</sup>
Sampling fee	\$329.18 per load	\$339.38 per load

Trade waste charges are calculated as per the NPDC Bylaw Part 11 Trade Waste. The operational costs are divided by volume and the characteristics being charged to determine price per unit. As the value of each component of the equation moves up or down so too will the price.
