How to position your bin family on collection day

Put your bins and glass crate at the kerbside by 7am.
(CBD Lynmouth, and One-Way system by 6am)

Lock your food scrap bin by putting the handle up.

All bin lids must be fully closed and the glass crate must be level.

Leave your bins as close as you can to the kerb, but avoid blocking the footpath or any entrances.

Place the front of each bin so that it faces the street, with wheelie bin handles away from the street.

Having trouble getting your bins to the kerb?

You can apply for a service to pick up your bins directly from your property, for an annual fee.
